

## Sigler Proclaims Fire Hazard

Due to the extreme warm October weather and the lack of rain, the forestland of Northern Michigan has turned into a tinder box.

Governor Kim Sigler at 10 o'clock Tuesday morning issued a proclamation calling the situation to the attention of all citizens and issued an order halting all smoking in the woods, ordered no more camp fires or the issuing of burning permits until a thoroughly drenching rain shall have hit the area.

## Pet's Poisoning Brings \$100 Reward Offer

The poisoning of a pet dog has brought a \$100 reward for information leading to the arrest and conviction of the poisoner. Jack Wade, owner of a cabin resort at Lake Margrethe last week made known the posting of the \$100 reward for the information when he was informed from Lansing that his dog had died of strychnine poisoning following a test of the dead pet's vital organs.

Mr. Wade said the dog must have been given the strychnine on the night of September 21 which was a Sunday as the pet died the following day. At 8:30 Sunday night the dog was alright. Mr. Wade said, and was fastened on his lead chain where he was always kept.

"This case of poisoning of a dog is far from the first in this area," Mr. Wade said, "but when some person will poison a dog chained and on his own property I feel that some drastic action should be taken to insure stopping this sort of thing and bring the criminal to justice."

## Plan Wednesday Youth Dance

The Chief Shoppenagon Post of the Veterans of Foreign Wars are planning weekly dances each Wednesday night for the youth of Grayling.

The series opened this week Wednesday at the VFW Hall which is located on Ingham Street across from Ray's Canteen. The building is of cement block construction and is owned by William Harwood from whom the VFW is renting it to be used as their hall and for the dances.

Hot dogs, coffee and pop will be on sale for those attending the affair and a juke box has been placed in the hall for music for the dancing. A door prize will be given opening night and the VFW plans on one for each Wednesday night. No admittance charge is contemplated, VFW spokesmen said, and they urged all of Grayling's young people to turn out each Wednesday for a good time.

## Girl Scout Meet

The Girl Scouts met for their fifth meeting last Thursday evening at the Grayling High School with their leader, Mrs. K. H. Phelps. The girls made plans for their Halloween party and after sang songs.

Their meetings from now on will be held at the Danebod Hall on Wednesday evenings at 7 o'clock.

Mrs. Carl Larson entertained 12 members of the family Wednesday evening of last week. The occasion was a surprise party on Mr. Larson who observed his sixty-second birthday on that day.

## Children's Pictures Taken Free; Published in The Avalanche

The Avalanche today announces the forthcoming publication of a series of local children's pictures to be taken. Arrangements have been completed with the Studios of Des Moines, Iowa, a nationally known firm to specialize in children's photography for newspapers and the pictures and furnish the negatives.

Expert children's photographers at the studio, with all the necessary equipment for this special work, will be here Thursday, November 13th. The special photo will be set up at the Maple Temple and will be open from 1 P. M. to 8 P. M.

There is no charge to the parents. There is absolutely no obligation to this invitation. There is no age limit. It is bonafide in the sense of the word. Parents need not have to be subscribers, nor are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain them by arrangement with the studio representative when they select the pictures they want printed in the paper. It is entirely up to them. You will be happy, afterward, if you let your child or children participate, and very sorry if you don't. The kiddies will have fun

and mother and dad will be very proud to see their pictures in print later. Many will clip them out and preserve them until junior grows up. The Avalanche wants as many pictures as possible, so don't forget the days and date.

## Hold Services For Infant Boy

The sympathy of their many friends is extended to Mr. and Mrs. Lee Lovely in the loss of their infant son, Paul Emil, born Wednesday, October 15, at Mercy Hospital. The little fellow passed away October 17, and services were read by Rev. Fr. Francis Branigan at St. Mary Church, Saturday, October 18. Interment was in Elmwood Cemetery.

## Arsonist Given Prison Term

Jesse Cook, 46, of Grand Rapids, who pleaded guilty to a charge of arson before Judge John Shaffer in Circuit Court on opening day, was sentenced to 18 months to 20 years in Southern Michigan Prison at Jackson, Thursday afternoon.

He was transferred from the Crawford County Jail to Jackson by Sheriff William Golinick on Friday. He has been held at the County Jail since early in September following his apprehension and subsequent confession of the crime. He was placed on bond following his examination before Justice Emil Giegling on September 9, which he never furnished and was remanded to the Sheriff's custody.

## Former Local Resident Succumbs In Detroit

John J. Maloy, a former resident of Grayling and a member of the Grayling American Legion Post 106, died of an heart attack at his home in Detroit on October 18.

He was united in marriage with Mrs. Emma Jackson in Grayling in 1945. She survives him along with four brothers, Thomas of Hibbing, Minn., Patrick and Lawrence of Detroit, and Michael of Lansing. Services were held from the Doyle Funeral Home in Detroit and at St. Leo Church in that city. Interment was at Mount Olive Cemetery in Detroit.

## Grayling Evangelical Lutheran Church

Missionary Kristian Tromborg, who has spent a number of years in Santalonia, India, preaching the Gospel of Jesus Christ among the heathen Santal people, is traveling in the U. S. A. in the interest of the Santal Mission, and will speak in the Lutheran Church here, Thursday, the 30th, at 8 P. M. There will be an opportunity to meet Missionary Tromborg personally at the parsonage after the meeting. All are welcome.

## AUXILIARY NEWS

A business meeting of the American Legion Auxiliary, Post 106, was held at the Legion Hall, October 14th. Installation of officers was performed by the West Branch Unit. Mrs. Amelia Zahn, 10th district president, was presiding officer and gave a most interesting talk.

The next social meeting will be on October 28th at the Legion Hall. Committee chairman, Mrs. Helen Jan Koviak will be assisted by Mrs. Evelyn Thompson. One Winchester Repeating Shotgun, model 12, 12 gauge, one sheepskin case and one box of shells will be awarded Saturday night, November 22nd by the American Legion Auxiliary. Gun is now on display at Dad Hanson's.

## Advise Early Xmas Gift Mailing

The Department of the Army today urged early mailing of Christmas parcels for soldiers overseas. An order to assist timely deliveries recommendation was made that all gift parcels be mailed between October 15 and November 15.

Gift parcels should be securely packed in boxes of metal, wood, or strong fiberboard. It is advised that addresses be written directly on the box or wrappings and not on gummed labels, which may become moist and loosen. The weight limitation is 70 lbs., and maximum measurements 100" length and girth combined.

## School Band In Fall Concert

These are busy days for the High School Band, for it is preparing for its first fall concert to be presented on October 30th at 8 o'clock.

The program for the concert offers a wide variety of selections including compositions by Strauss, Speaks, Rachmaninoff and Sousa. Making their debut with the band that evening will be the three newly initiated flute players, LaVerne Avery, Joan Bond and Ann Holm. Sue Giegling will double on here clarinet and the oboe, which incidentally is one of the most difficult instruments to master.

Highlights of the program will be three old favorites, "Sylvia," "Tales From the Vienna Woods," and "C Sharp Minor Prelude." These should appeal especially to the older generation. Added features of the program will be an alto saxophone solo by Wanda Dorah and baritone and cornet solos by Geneva Avery and George Granger respectively.

Further details of the concert, including the program and band personnel, will be included in next week's paper. The band has worked hard on this program and hopes to make an accredited showing for a large crowd, so let's all keep that evening open and plan to spend it listening to the music of the Grayling High School Band. Donations for the band uniform fund will be accepted at the door.

See you there!

## Plan Gaylord PAC Meeting For Nov. 5

Officers of the Gaylord Production Credit Association are making plans for the annual meeting of its 790 farmer-members which will be held at Gaylord on Wednesday, November 5th.

The meeting will be held at the V. P. Hall and will be called to order at 11 A. M. by President Arnold W. Ostrander. A lunch will be served to members and guests at noon and drawings for prizes will be held during the day. In addition to the regular reports, a main feature of the meeting will be the election of one director for a three year term to succeed George Enger of Posen whose term expires at this meeting.

## Lions Club News

The Lions Club of Grayling held its regular meeting Thursday night at the Grayling Restaurant. King Lion Herbert Marshall of the M. Pleasant Lions Club gave a short talk outlining the current program and activities of his club. The meeting was adjourned early to permit the members to attend the P. T. A. benefit program at the high school auditorium.

## Grayling Kindergartners Take To Air With Greatest Of Ease

### Whole Class Views City From Above

"Hey, Joe! I went flying yesterday and I'm only in the kindergarten and you're in the fourth grade and haven't been up yet. Yah-Yah-Yah," such was the neighborhood cry last Saturday in Grayling as the little folks finally found a good reason to lord it over those superior people just a few years older.

Mrs. Ina Cook, kindergarten teacher at the Grayling School, arranged for the Grayling Air Service to take her entire class for a plane ride as part of a plan to teach the little ones the ways of life. The innovating move certainly went over with the kiddies and was appreciated by the parents.

## Crawford Home Extension Christmas Workshops To Be Held

The Christmas lesson for Home Extension groups of Crawford County will be presented in the form of workshops which all Home Extension members are invited to attend. The first workshop will be held for the Grayling groups and the AuSable group on November 5, 1947, at the Grange Hall in Grayling.

The second workshop will be held on November 6, 1947, for the Maple Forest groups at the Community Hall at Maple Forest. The meetings will both begin at 10 A. M. with a potluck dinner at 12 noon. It is suggested that the members within a group plan their own menu and bring table service.

Each person who attends these workshops is asked to bring one gift or centerpiece, the article representing the suggestion and the written instructions and pattern for making it. These suggestions will be discussed, patterns and instructions collected and other ideas will be discussed and demonstrated by Virginia Vance, District Home Agent.

Members should bring notebook, pencil, ruler, newspapers and scissors to use in obtaining patterns and instructions from these suggestions.

## Tourist-Resort Services Offered by M. S. C.

Operators of tourist resort businesses can obtain valuable assistance through the Tourist and Resort Service of Michigan State College.

Several specialists at the college at East Lansing are devoting full time in research and extension work to develop aids to resort owners. Assistance is offered in cottage and cabin plans, remodeling, site development, construction, water supply, sewage disposal and landscaping. For those interested in serving food in large quantities three bulletins are available: "Menus and Menu Making," "Soups" and "Luncheon or Supper." For resort operators an account book designed especially for their type of business has been printed. Other booklets on Laws and Regulations, Motor Courts and guest entertainment are available.

## FINAL RITES READ FOR JOHN W. COWELL

Funeral services were held at 1 o'clock Tuesday at the Free Methodist Church for John Wesley Cowell, who passed away at Traverse City Hospital at 8 o'clock Saturday morning, October 18.

Rev. Schiele of Roscommon officiated. Pallbearers were Ed Welch, Jay Skinner, Middle LaMotte, Ray Boger, Roy McEvers and John Harrison.

Mr. Cowell had been ailing for two years and had been confined to the hospital two months. He was born in Tweedside, Ontario, May, 1860, the oldest son of Zibbie Launsberry and John Cowell. He was married to Matie Silsby of Tuscola County, who passed away in Banners Ferry, Idaho, in 1937. To this union three children were born all of whom survive. Ida and Charles were born in Grayling and F. Maurice, in Libby, Montana.

Mr. Cowell traveled a great deal coming from Canada to Grayling at the age of 16. He became naturalized in 1888. Leaving Grayling he went to Montana and helped to lay out the town of Troy and Libby, going from there to California. He traveled up and down the west coast doing placer mining and carpentry work. He also spent much time in Alaska and Mexico. He returned to Grayling in 1929 and bought what is now the Arthur Worden house and ran a novelty business known as Cowell Institute, which he later sold. In February, 1938, he married Ula I. Moore, who survives.

He was a member of the Free Methodist Church and a loving husband and father.

Attending the funeral from out of town were a niece, Ethel Gaudin of Jackson, a nephew and wife, Mr. and Mrs. Harvey Regan and son, Gerry, of Flint, and a grandnephew, Arnold Steenrod of Jackson.

## Grayling Kindergartners Take To Air With Greatest Of Ease

proved by a majority of the parents as 32 children out of a class of 52 received written permission from their parents to ride in the Grayling Air Service's Seabee.

Due to the slight weight of the youngsters it was possible to take from five to six on each trip which progressed from the airport's concrete flight strips over the city to the winter sports park area and over Lake Margrethe before returning. In all the total time taken to fly the whole class over the route was about one hour.

Lowell Whiting flew the first three trips while Herbert McDonnell piloted the last two of the total five trips. Both pilots said the kiddies were real flyers. "Not a bit of trouble and you would think they were old time air line riders except for the excitement," was the way they described the five flights.

Those who are now seasoned air travelers are:

Karen SanCartier, Sharon Blaine, Larry Pratt, Kenneth Cook, Constance Owens, Conrad Owens, Nancy Wilcox, Susan Wiggins, Terry Johnson, Betty Johnson, Bobby Cameron, Jacqueline Clint, Jon Bond, Therese Galvani, George McDonnell, Kirsten Lietz, Jerry Larson, Bobby Tinker, Michael Goward, Michael Roberts, Caroline Allison, Sharon LaGrow, Teddy Horning, Karen Macaulay, Jimmy Parkinson, Evelyn Kennedy, Dennis Rood and Evelyn Bancroft.

The Grayling Air Service is now working on a plan whereby all students of the Grayling Schools may be given an airplane ride by classes. Their idea is to give all of Grayling's children a ride in the Seabee this fall and then have an annual flight for the kindergarten in order that all of the children might know about flying and planes.

As to the feeling of the older children about the kindergarten flying it was aptly put by Jim Bond, teen age son of Superintendent of Schools and Mrs. Frank Bond, who on being informed by little brother Johnny of his airplane ride, said to his parents, "Gosh! Johnny goes for a plane ride and Joan (his older sister) went on the train and I never do a darned thing."

## Last Period Score By Wave Trips Mancy Ironmen 6 to 0

### Smock Scores On 40 Yard Scamper

Scoring on a 40 yard off-tackle drive with but 6 1/2 minutes left to play the Grayling Green Wave chalked up another win last Friday over the Ironmen at Mancelona, 6 to 0. Jerry Smock with shifty running and good blocking went over to score.

The game was an even contest most of the way with each squad making 9 first downs. Penalties, however, again hampered the local's scoring as in the third quarter, Smock was called back from an 89 yard run by an offside penalty and in the second quarter a

20 yard off-tackle cutback to the Mancy 10 yard stripe by Bob Rasmussen was nullified by a holding penalty that pushed the Wave back to the 45 yard line.

The Ironmen's aerial attack was a constant threat throughout the game with the crack passing combination of Hanson to Griffore causing many anxious moments. Grayling covered the receivers fairly well and the line rushed the passer to hurry the tosses.

Both clubs lost a great deal of yardage through penalties with Mancelona suffering a holding infraction when they were almost in sight of a six pointer. Among the local lads to see action were:

Ends, C. Papendick, Miller, Hieski, tackles, Kragge, Allison and Richardson; guards, Lozon, V. Papendick and E. Rasmussen; center, Burr; backs, Captain Chuck Feldhauser, Smock, H. Rasmussen and Parkinson. Vic Papendick, Allison and Burns played headup ball in the line with Cliff Papendick again proving a tower of strength on defense at his end post. Captain Feldhauser in backing up the line was all over making hard, vicious tackles. He was ably assisted by the hard-hitting Smock.

The Wave rolls into East Jordan tomorrow afternoon and although the East Jordan eleven has not shown much stuff this fall, the local lads well remember the 21 to 0 setback they received last year in the final game of the season with the Jordanians.

Charlevoix swamped East Jordan last week by a 55 to 0 score, while Harbor Springs proved their out to challenge the Rayders for the loop lead with an impressive 35 to 0 duke over the Grayford Blue and Gold. Boyne City surprised Pellston with a 6 to 0 win in the other conference quarrel. The outstanding contest this week end will be the Charlevoix-Harbor Springs game with Boyne City, Mancelona and Gaylord-Pellston games filling out the week end's conference schedule.

The league standings now are:

Team	W.	L.	Pct.
Charlevoix	5	0	1.000
Harbor Springs	4	1	.800
Grayling	3	1	.750
Pellston	3	2	.600
Boyne City	1	3	.250
East Jordan	1	4	.200
Gaylord	1	4	.200
Mancelona	1	4	.200

## Cage Practice Sessions Begin

Grayling's two independent basketball teams, Spike's Keggers and the Legion have been hard at work for the past several weeks with a practice session each Monday night.

The Keggers have lost Roger Giegling and Bob LaChapelle from their last year's strong team but have added Phil Keway and Ed Carlson, from last year's high school team and Whitey Madsen from last year's Grayford Eagle squad as well as Don Bobenmoyer and Fuller. Last year's men who will be back are Sandy Thompson, Pat Harwood, Ed Smith and Bruce Nielsen.

The Legion squad will be led by Ross Thompson this year and boast about the same team as a year ago. The first game that has been scheduled is for November 19 when an Alpena five will oppose the Keggers. The Legion will also see action that night but their opponents have not as yet been signed. A strong Kalkaska squad led by former Grayling star, Ed Chalker, will invade Grayling on December 12.

Plans are also being advanced for two girls' basketball teams from Grayling but a lack of any final and definite information prohibits the publication of any news concerning the two teams.

## Joseph Lennert Named As Grayling Sports Club Head

### Discuss Leasing Of Grayling Winter Park

Joseph Lennert was elected as president of the Grayling Sportsmen's Club at their annual election of officers held at the Legion Hall last Wednesday evening.

Harold Cliff was elected as vice-president, Carl Easton, secretary and Jack McClain as treasurer. Jack Wade was named as a club director.

Following a long discussion on the possibility of the club leasing the Grayling Winter Recreation Area from the Michigan State Conservation Department, a three man fact finding committee was named by President Arthur Worden. Those named to the committee are Paul Jones, Jerome Kessler and Holger Peterson. This committee was under instructions from the club to meet with members of the Conservation Commission, the director of the department and the park division heads to ascertain what terms the club could expect from the department as to the lease of the entire park for a long period of time.

The thought raised in the dis-

cussion was for the Grayling Sportsmen's Club to take over the full operation of the park in winter sports and also to utilize the buildings and grounds on a full-time, year-around, proposition. The main building would be used as the club house and meeting place for the group and archery ranges, trap shooting fields and other types of activities would be added for the enjoyment of sportsmen in the spring, summer and fall as well to round out a year around park.

It was thought that the club would indulge in various promotions in the other activities during the year such as archery exhibitions and contests and the same for trap shooting and rifle matches. All the various other activities plus the winter sports, it was thought, would easily carry the cost of operating the park throughout the year. The fact finding committee is to report to the new officers as soon as they have ascertained that their collected information is extensive and conclusive enough to warrant a special meeting. As time is getting very short, it was thought that the club should move hurriedly on the proposed leasing on the area.

Mrs. J. W. Moran, 70, Succumbs

Alba and community were greatly shocked by the sad news of the sudden death of Mrs. J. W. Moran, who died while picking up potatoes on Orville Walker's farm on Thursday, October 2, 1947.

Emma Jane, daughter of Mr. and Mrs. John Kelly was born in West Branch, Mich. September 15, 1877, and departed this life at the age of 70 years.

She was united in marriage to Joseph W. Moran Aug. 24, 1900 in Sanilac County. In 1904 the family moved to Alba to make their home.

Surviving are her husband Joseph W. Moran; 4 sons; 20 grandchildren and 16 great grandchildren.

Funeral services were held Sunday at 2:30 P. M. at the Methodist Church with Rev. E. T. Smith officiating.

Interment was in Alba cemetery. Those from Frederic attending the funeral were Mr. and Mrs. Norman Fisher, Mr. and Mrs. Chas. Craven, Mrs. Laura Wallace, Mrs. Irene Cram and Mearl Melroy.

## Crawford County Library

Monday evening several interested persons attended the Library Open House to see the new Ceiling Projector in action. The projector was presented to the library recently by the Lions Club, for use in the hospital and sick rooms of the community, where patients are unable to hold a book to read in the conventional manner.

As demonstrated by Mr. Harley Russell, president of the Lions Club, the ceiling above the patient acts as a movie screen to receive the projected pages of a microfilm book. The machine and several books are now available at the library and more books are being received as members of the community become interested in the project and make individual or group contributions. A catalog of some three hundred titles of microfilm books is on file at the library, and interested individuals may make selections from this list. Mrs. Augustus Funck, librarian, will assist in placing orders.

The projector may be checked out from the library, free of charge, on the presentation of a statement from the patient's doctor. Any one wishing to borrow the equipment for sick room use may do so by contacting Mrs. Funck at the library. Some member of the Projector Committee will deliver the equipment, set it up, and instruct the patient in its operation.

## Michelson Memorial Church School Notes

Mrs. Herbert McDonnell has joined the intermediate department as the new seventh grade teacher. The school and other members of the staff are happy to welcome Mrs. McDonnell to Michelson Memorial.

Because of a mathematical error the Honor Banner was awarded to the Sixth Grade. It should have remained with the Fourth, where class attendance was recorded at 91% as compared with 82% for the Sixth. Nearly all classes are turning in fine attendance records, with totals for the school averaging a third higher than last year.

The Michelson Memorial Youth Fellowship is beginning to function smoothly with the organization pattern almost completed. M. M. Y. F. news in detail appears in another column.

## Plan Developing Of "20 Lakes"

Announcement that the "20" Lakes Club, located in what has been known as the "20" Lakes Domain, five miles south of Gaylord and two miles east of US-27, is under new management, was made recently.

The domain and the club for many years have been one of the best known of Northern Michigan's outdoor recreation spots.

New operator is Frank A. Summers, receiver for the domain club, who is to operate it for the fee owner, Mrs. Grace Geraldine, of Detroit.

Mrs. Geraldine took over the fee ownership as the result of recent court action in which the previous operator, Scott Orr, of Detroit, was ousted as tenant and operator of the club, said Mr. Summers.

Started 20 years ago by John L. Russell of Detroit, the title to the property now rests with George Gergeson of Detroit, who has acquired it and proposes to develop the "20" Lakes Domain as one of the finest summer and winter resorts in the Middle West.

scenic trails.

An extensive winter development is being studied, he said.

## Attends 4-H Tractor Maintenance Course

Each year one older 4H Club member or leader is selected from each one of the northern counties to attend a 4 day short course on tractor maintenance. This year, Stanley Hummel, Jr., of Frederic was selected to represent Crawford County at this year's school which was held at Gaylord.

In sponsoring this school, the Standard Oil Company sent three of their automotive engineers who worked with engineers from Michigan State College as instructors for the various courses. One half of the time was spent in watching demonstrations and in study work after which each member had the opportunity to actually apply what he had learned on tractors of various types and makes.

Some of the things covered in the course were: Tractor Safety, Studying Operator's Instruction Manual, Fuel intake and Carburetion, Air Cleaner Service, Spark Plug Wiring and Battery Service, Cooling System Service, Engine Lubrication, Transmission and Final Drive Lubrication, General Lubrication of Tractor and Winterizing the Farm Tractor.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN [One brakeman usually rides in the locomotive in freight service]

BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

## Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

## \$400,000,000 To Non-Operating Employees

In addition to this, an Arbitration Board has just granted a wage increase of 15½ cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$400,000,000 a year.

Where Will The Money Come From? Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947. In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate

increase. No other course is open. Railroads Do Not Run For Employees Alone Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenues to provide the kind of transportation service this country MUST HAVE.

What a Liberal Found

The September 29 issue of Life carried an article by John Dos Passos, the distinguished American novelist, which is one of the most vivid and revealing accounts of the British crisis yet written. Mr. Dos Passos toured England with the point of view of a writer, not a statistician — his interest lies in people, not in reports and analyses. He talked to legions of English men and women, representing all political faiths and all economic and social levels. In his article, he does not editorialize — he simply reports and interprets.

Mr. Dos Passos' article is called, "Britain's Dim Dictatorship," and its sub-title reads, "Under a government of their own creation, British working people are gradually being strangled to death in a morass of poverty and ineptitude." That gives a good idea of what the writer, who has long been known as a liberal and an advocate of social reform, found from one end of England to the other. Early in his article he quotes, without comment of his own, a young man who told him in Oxonian tones, "England's dead, quite dead, quite. We're the lost island of the Atlantic, sunk in the everlasting ennui."

It would be ridiculous to say that the Labor government is responsible for all of Britain's ills. The troubles go deep into the past, long before Labor came to power. But the impression the reader gets from Mr. Dos Passos' piece — like practically all other writings on the subject — is that Labor's policy has enormously complicated them. It has done that, not only through the promotion of socialism, but by a vast extension and deepening of bureaucracy. Mr. Dos Passos writes: "As measure after dictatorial measure comes up to curtail the already frail liberties of the individual Briton, the party machine rolls ponderously on." In Hyde Park, where the soapboxes were once exclusively occupied by eccentric advocates of socialism and communism, there are now speakers for free enterprise.

Plan Chicago-Detroit Four Lane Expressway

Broken line in the sketch map above is approximate route of the Chicago-Detroit Expressway, which is being sponsored jointly by Automobile Club of Michigan and Chicago Motor Club. Exact location of the road between cities will be determined by State Highway Department surveys. Black lines indicate other roads to be built in the National System of Interstate Highways, as designated by the Public Roads Administration.

Utilizing the Detroit Industrial and Willow Run Expressways from Detroit, the 275-mile route will roughly follow US-12 to Kalamazoo, with by-passes for all important cities. From Kalamazoo it will drop down to a point near the northwest edge of Elkhart, Ind. Here it will turn westward through South Bend, picking up the Calumet Parkway and South Shore Drive into Chicago.

A limited-access four-lane divided highway, the road will help cut accidents and stimulate trade and tourist traffic from Chicago to cities throughout Michigan by easing pressure on other dangerously overcrowded highways.

the plot, row and grave number in a military cemetery where a relative has been buried by the American Graves Registration Service overseas, is conclusive evidence that the identity of the individual in the designated plot, row and grave has been thoroughly, painstakingly and effectively established because no letter containing such information is sent by the Armed Forces to next of kin until identity is certain.

Deceased Identity Is Certain, Group Feels

Complete confidence in the identification of deceased military personnel of World War II was expressed at the National Convention of the American Gold Star Mothers of World War, Inc., in Washington, D. C.

A resolution that was passed commended the system of identification and stated "next of kin of deceased military personnel can be assured that receipt of a letter from the War Department is a living assurance that the identity of the deceased has been definitely established."

MICHIGAN

Believes in Promoting Rural Health

Rural health is a great deal more than a discussion topic to the medical doctors of Michigan — it is a vital program that has their fullest support. This is evidenced in many ways that were brought out at the Michigan Rural Health Conference which was held at Michigan State College recently. Being one of the sponsors, Michigan doctors of medicine utilized this Conference to search out the further avenues in which they can most practically enlarge their health services in Michigan's rural areas. This concern of organized medicine, and many other health organizations, with the health improvement of all the people of the State is one of the reasons why Michigan leads the way in health progress.

Citizens of Tomorrow

THIS NEWSPAPER To Publish Pictures of LOCAL CHILDREN

Picture of the children of this community are to be published in this newspaper as a special tribute to our Young Citizens of Tomorrow. Soon the responsibility for world destiny will rest heavily upon their shoulders. As Americans, they will meet those responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right now . . . with the dawn of a greater tomorrow in their fresh young faces . . . this newspaper wants a picture of these future professional men and women, and, who knows, perhaps a future president of our country. These pictures will be published in a forthcoming special feature. So, Mother and Dad, your cooperation will be needed to help make this event a colorful and inspiring exhibit!

Arrangements have been made with The Woltz Studios, nationally known children's photographers for newspapers, to take the pictures at the time and place given below. All you have to do is bring your children down and have the pictures taken. There is no charge or obligation. Children must be accompanied by one parent or other guardian.

You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so if you wish. Just bring your children down and have the pictures taken. Later you will be shown proofs from which you select the pose you prefer having printed in the paper. It is as simple as that!

You can clip these pictures from the paper, thus obtaining a memento of childhood which will become a treasured keepsake and memory record for both you and your children.

Below is the time and place to have your pictures taken without cost!

FILL YOUR FUEL OIL TANKS NOW AND AVOID DISAPPOINTMENTS

Under present conditions it is impossible to forecast the quantity of fuel oil that will be available this winter . . . We hope that none of our customers will suffer when cold weather grips this area.

Therefore, we urge our customers to order their fuel oil tanks filled immediately, and then adopt the policy of keeping them filled — not waiting until the tank is low on oil.

Heavy demand caused by severe weather will create such acute shortages that your home may be without adequate fuel oil unless you protect yourself now.

100,000 Apple Juice 'Fame'

At the recent Wisconsin and Michigan State Fairs, 100,000 customers swarmed around the stands selling pure "Sunspended Apple Juice." Gov. Kim Slayter, of Michigan, headed a parade of 60,000 who patronized the apple juice stand in the Horticultural Building at Detroit, shown above. Most of the customers were trying apple juice for the first time. A paper cup manufacturer reported that that apple juice outsold all other soft drinks, attracting 40,000 customers at the Wisconsin State Fair.

Field Men Want Rain  
Hard rain, and plenty of it, would relieve anxiety of Conservation Department field men watching the forest fire hazard mount as the number of hunters arid reaches the season's peak. Rain would be welcomed by the hunters also, as they have found the going unusually tough in dense ground vegetation, and shooting difficult because of leaves still clinging to the trees.

Deer Archery Kill  
About 50, Also 3 Bears  
Getting a deer with bow and arrow has become such commonplace news in Michigan that accurate figures no longer may be kept of the archers' score, but men estimate upwards of 50 deer were taken in the first two weeks of the season. The take increased rapidly after does and fawns became legal targets in 17 northern counties October 11, but archers were reluctant to take them in the early part of the season.

### U.N. Facts and Faces . . . . . INDIA

India, whose record goes back into the dim era at the dawn of history, is one of the world's newest independent nations. Created from the predominantly Hindu parts of what was British India, the new country shares the Indian "subcontinent" with largely Moslem Pakistan, also created from British India. One of the most densely peopled countries in the world, India's 300,000,000 inhabitants live in some 1,200,000 square miles. Agriculture is the principal industry, although manufacturing is making important gains. Her permanent representative at United Nations Headquarters is Dr. P. P. Pillai. India's flag has saffron, white and green horizontal stripes with a 24-spoke wheel.

### Health NEWS

**Goiter**

Prospects are very bright for one hundred per cent control of toxic goiter.

This announcement was made just recently by a recognized member of the Michigan State Medical Society. It is of particular interest to residents of Michigan, for goiter is altogether too common in our State.

This doctor of medicine pointed to a series of developments which inspire his optimism. When iodine treatment was found not to be permanently effective, as a cure, although helpful as a preventive as when used in iodized salt, a boom was introduced with the development and refinement of surgical procedures.

Technics have been devised for removal of enough of the thyroid gland so that what remains after surgery carries the body on at a normal rate. Incidentally, over-activity of this gland is what causes goiters.

Judicious use of the X-Ray has been found important, and recently medical men discovered that a drug called thiouracil has been found effective in controlling goiter. However, the use of this chemical must undergo further study before final evidence regarding it is obtained.

Still another new avenue being explored is the even more recent use of radioactive iodine, produced by use of the cyclotron. This, too, bears further investigation, but with all of these various methods of approach, doctors of medicine feel that the war against goiter is being won.

\*Increased since 1939, from Department of Labor Index for moderate income families in large cities, and from National Housing Agency.

...our costs have gone up, too!

**SOME PEOPLE** get along under higher prices by using less or doing without. Some have more income to help meet higher costs. All can adjust outgo to income, to a large extent.

But a railroad cannot skimp or do without and still provide good, efficient and safe service—adequate to the needs and desires of the public.

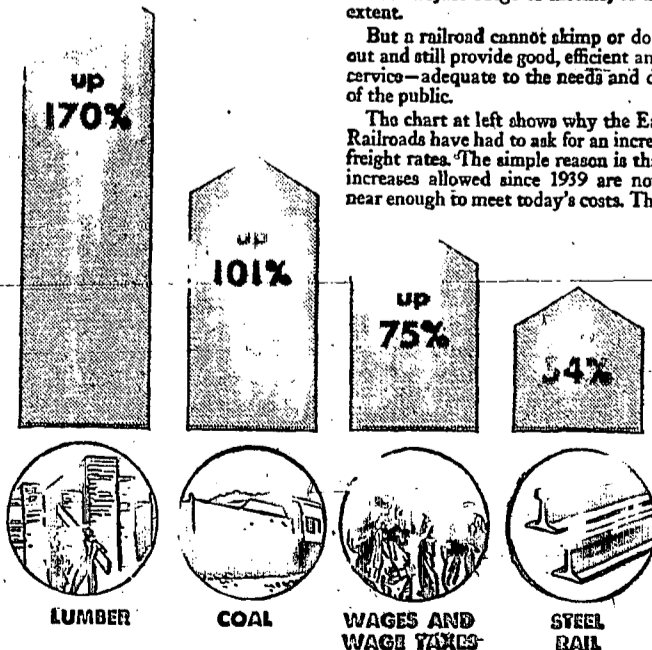

The chart at left shows why the Eastern Railroads have had to ask for an increase in freight rates. The simple reason is that the increases allowed since 1939 are nowhere near enough to meet today's costs. The rev-

enue the railroads get for hauling the average ton of freight is only 15¢ more, whereas the cost of operating the railroads has increased more than 63% in that period.

Only recently, for instance, an arbitration board added another \$468,000,000 to our annual bill for wages and wage taxes, of which \$187,000,000 is borne by the Eastern Railroads. This brings the increase in these items alone to more than 75% since 1939.

All the railroads ask is what the law says they should be allowed to have. That means just and reasonable rates. The law says there is need in the public interest for adequate and efficient railway transportation service at the lowest cost consistent with furnishing such service.

In other words, all the railroads ask is sufficient revenue to enable them, under honest, economical and efficient management, to provide the kind of service people want.

Some examples of increased costs since 1939, affecting railroad operation

Increased freight rates since 1939 have increased the revenue from hauling the average ton of freight only 15%

## The Rainbow Special

By T. M. RIDER

WHEN the woman who had been gazing wistfully at Madame Blue's window display finally entered and asked—of all things—to try on the Rainbow Special, Mady Clark's pleasant smile wavered. That gaudy, multi-colored dress with its golden sash had been displayed because party time was near and Madame Blue felt some girl might like it for a gay affair. Of course, the woman was small and thin enough to slip into it. But she had a sweet face, the kind that made you think of a mother in lavender and lace.

Mutely, Mady showed her to the dressing room, then walked over to the sweater counter.

A minute later the customer shyly opened the dressing room door.

"It's beautiful!" she cried. "I know Tom will remember me as I used to look. You know how husbands are. They just don't realize a woman doesn't grow any younger with time."

So that was the wrinkle. She was trying to become a spring chicken for her husband's sake. Somehow it didn't seem right for a nice old lady. Mady couldn't help thinking that some day she might get married and she'd grow old, too. Then, would she have to suffer the experience this woman was suffering?

Mady walked over to the woman and said, "I've just thought of a special dress for madam. A pale blue creation that would be chic with costume pearls and matching earrings."

"Pale blue? Oh, no! My husband loves colors that are bright and alive. You see, he's an artist, and a brilliant one, too."

SHE spoke in a proud voice and smoothed the Rainbow Special with work-worn hands. Mady asked hesitantly, "I don't mean to pry, but is your husband ill? Perhaps a floral dress—"

"Tom ill? You wouldn't ask that if you saw him. He's big and husky, and he always says my cooking's making him fat." She beamed until she noticed Mady staring wonderingly at her hands. Then she said quietly, "I've worked at washing dishes in a restaurant for the past 10 years and I'm proud of it because—well, because I'm doing it for my husband. But I guess you're too young to understand that love means more than roses and kisses."

"My Tom's worth anything, any sacrifice," the lady continued, and brushed at her cheeks with sudden remembrance. "And I must hurry. He's waiting outside in the car and I know he's growing impatient."

That was the last straw! Mady shook her head despairingly.

"Erma, is that you?" a deep voice suddenly boomed from the doorway. "I got tired of waiting and crossed the street."

The woman gasped and hurried over to a tall dark-haired man. "Oh,

That was the last straw! Mady shook her head despairingly.

you shouldn't have, Tom. I was coming right out."

WHY, the lady was actually quivering as though she had committed some heinous crime by making him wait a few minutes! Mady glared at him. So this was the brilliant artist! He was husky enough to swing a pick and shovel. Well, why didn't he, instead of making his pitifully small wife slave for him? If this was love she'd steer clear of it!

"That new dress does things to you, Erma!" He placed his huge hands on her shoulders and held her off at arm's length. "Ah, those colors, my dear! They're soft, yet warm and alive. I can't wait to get hold of some paints and brushes."

"Now, Tom, you shouldn't work so soon after the operation. You know what the doctor said."

He nodded thoughtfully and sighed. "Guess I can wait a little longer, Erma. But say, my vision's improving every minute. I just crossed the street myself. And only this morning you looked so—so colorless. But now, I swear you look just—just like you did before I went blind ten years ago, Erma."

Erma's answering smile was as bright as the sun. Mady felt her heart begin to pound furiously. The artist was recovering from an eye operation and probably would never see colors normally again!

### COL. GEO. L. OLSON DIES IN GRAND HAVEN

Col. George L. Olson, 81, prominent in state military circles, died at his home in Grand Haven early October 14. His military service included service on the Mexican border before World War I, and heavy duty in France that began before he was 20 years old. In March, 1943, he was appointed Assistant Quartermaster General of the state; captain in National Guard Reserve Infantry, March 1919 to 1920 and was commissioned a captain in the Infantry March, 1920. In the organized reserve corps he became a major in 1922 and was elevated to Lt. Colonel in 1935. He was released from Federal service in 1940 and was a Lt. Colonel in the Infantry of the Michigan National Guard from October, 1940 to August, 1944. He was commissioned a colonel in the Infantry on August 24, 1944, which rank he held at the time of his death. He reorganized the first company in the new National Guard in Grand Haven following the first World War.

Col. Olson was well known in Grayling, having spent many years here with the National

Guard. His military funeral, held Saturday, in Grand Haven, was attended by Mr. and Mrs. Ernest Larson, Mr. and Mrs. John Erkes and Mr. and Mrs. Carlyle Brown.

### ENTERTAIN AT FAREWELL PARTY

Mrs. Holger Hanson and Mrs. Holger Schmidt entertained sixteen ladies Wednesday evening of last week at the former's home. The party was in honor of Mrs. Anna Schlotz, who with her

mother, Mrs. N. P. Olson, expects to leave for Phoenix, Arizona, the first of November to spend the winter.

Bridge and pinochle were played with Mrs. Carl Peterson and Mrs. Glen Day holding high and second score respectively at bridge, and Miss Ingeborg Hanson and Mrs. A. C. Olson, Jr., at pinochle.

Mrs. Schlotz was presented with a guest prize.

Mrs. A. C. Olson, Sr., of Detroit and Mrs. Carl Peterson and Mrs. Chris Frieberg of Gaylord were out of town guests.

How to keep  
PEACE in the  
FAMILY

GO GREYHOUND!

No use trying, it's completely impossible for a mother, sis and brother to drive the family car to different places at the same time. But you can keep all the folks happy by checking on Greyhound's frequent convenient schedules and planning your trip in comfort—by bus. Invariably you will find Greyhound goes direct to the particular resort, college, city, village or spot you wish to visit. And what's more, Greyhound carries you at less cost than any other travel way—less than driving your own car. For your next trip—any trip—try Greyhound.
